Select sessions with a "/" or an action code.

Session ID	Description	Type	Status
CARE	CARE / MODEL 204 DBMS	Multi	
CAREDEMO	CAREDEMO / MODEL 204 DBMS	Multi	
CLAIMS2	CLAIMS2 / MODEL 204 DBMS	Multi	
D204	Development MODEL 204 DBMS	Multi	
D2042	Development MODEL 204 DBMS #2	Multi	
JHSXPTR	JHS/XPTR Combined System	Multi	
M204	MODEL 204 DBMS (Region #1)	Multi	
M2042	MODEL 204 DBMS #2 (Region #1)	Multi	
OBRA	OBRA / MODEL 204 DBMS	Multi	
OBRADemo	OBRADemo / MODEL 204 DBMS	Multi	
TSO1	Time Sharing Option	Multi	
T204	Test Model 204 DBMS	Multi	

Command ===> MHMR/TC240009

Enter F1=Help F3=Exit F5=Refresh F9=Retrieve F10=Action

Connected to HHSIBMPROD.HHSC.TEXAS.GOV port 23 9/2 NUM 12:09:42 IBM-3278-2-E

Along the top 'bar' (menu) for QWS3270 is "OPTIONS".

Under "OPTIONS" is a selection called 'Session'.

Select Options & Session, this will bring up a new box on the screen.

There is a scroll bar to the right side of the box, and at the bottom is a 'Printer' selection.

Once you select 'Printer', you can then 'Select a Printer' (pull down at top of window) which is generally set to "Windows Default Printer"

This should be the same location emails & word document are sent when you work outside of QWS3270.

Set printers as you need & hit 'Apply' button, then 'OK' button to close the box.

The screenshot shows a terminal window with a printer selection dialog box open. The dialog box is titled "Session Settings - Default Session" and has a "Printer" button selected in the left sidebar. The main dialog area shows "Select a printer" set to "Windows Default Printer". Under "Formatting Options", "Fit to Page" is selected. Under "Orientation", "Portrait" is selected. Under "Options", "Black & white" is selected. Under "Page Layout", "One screen" is selected. The main menu in the background lists various system options:

	Type	Status
L 204 DBMS	Multi	
MODEL 204 DBMS	Multi	
MODEL 204 DBMS	Multi	
MODEL 204 DBMS	Multi	
D2042 Development MODEL 204 DBMS #2	Multi	
JHSXPTR JHS/XPTR Combined System	Multi	
M204 MODEL 204 DBMS (Region #1)	Multi	
M2042 MODEL 204 DBMS #2 (Region #1)	Multi	
OBRA OBRA / MODEL 204 DBMS	Multi	
OBRADemo OBRADemo / MODEL 204 DBMS	Multi	
TSO1 Time Sharing Option	Multi	
T204 Test Model 204 DBMS	Multi	

At the bottom of the terminal, the following text is displayed:

```
Command ==>
Enter F1=Help F3=Exit F5=Refresh F9=Retrieve F10=Action
```

The terminal also shows a status bar at the bottom right with the text "MHMR/TC240009".

Once within CARE (using the C62 screen as an example).

On the second menu bar is a 'printer figure' (5th item over from the left).

With good configuration, hitting that 'Printer figure' should send a screen print to your local (windows default) printer.

06-29-16 C62:INDIVIDUAL PLAN OF CARE (IPC): INQUIRY VC060490

PLEASE ENTER ONE OF THE FOLLOWING:

CLIENT ID:

COMPONENT CODE/LOCAL CASE NUMBER: /

MEDICAID NUMBER:

ENTER IF DESIRED:

PLAN DATE RANGE: BEGIN DATE: (MMDDYYYY)

END DATE: (MMDDYYYY)

VIEW ALL REVISIONS: (Y/N)

PRINTER CODE: (ENTER FOR HARD-COPY)

*** PRESS ENTER ***

ACT: (C60/PROV INQUIRY MENU, A/MA MAIN MENU, HLP (PF1)/SCRN DOC)

Connected to HHSIBMPROD.HHSC.TEXAS.GOV port 23

6/49 NUM 12:20:18 IBM-3278-2-E

12:20 PM 6/29/2016

If your VPN / LAN connection does not allow connection (screen prints) then another method is possible.
Using your 'mouse' you can highlight the screen and Cut-N-Paste to a Word document.

ACT: _____ (C60/PROV INQUIRY MENU, A/MA MAIN MENU, HLP (PF1)/SCRN DOC)

Connected to HHSIBMPROD.HHSC.TEXAS.GOV port 23

1/1 NUM 12:25:00 IBM-3278-2-E

12:25 PM 6/29/2016

Or another method to capture the screen is: Copy All / Append All

From the top menu bar: Select Edit / Copy All. Then on subsequent screens: Edit / Append All

Once you have all your data, open a blank word document & 'Paste'.

This grabs all information done via the 'Copy All / Append All' & puts it in the word document.

The screenshot shows a terminal window titled 'HHSIBMPROD.HHSC.TEXAS.GOV' with a menu for 'C62: INDIVIDUAL PLAN OF CARE (IPC): INQUIRY'. The menu prompts the user to enter client information and options. A context menu is open over the terminal, showing 'Copy All' selected.

You may have to close out of your VPN session in order to print to a local printer. This is a VPN limitation, not a CARE limitation.
