Uniform Download (Identified in VPS as BC2901.M for monthly and BC2901.M2 for quarterly)
MH Adult, Child and Adolescent Demographic, Assignment and Priority Population Data Fields,
Values/Format, Length and Position
(Updated September 10, 2007)

NOTE: The comma delimited download will be routed to all community centers via VPS with the monthly, quarterly, and official workload runs. CARE will also provide this download on the 30th of the month (weekend following if 30th falls during the week). For the 30th of the month download, there will be NO report to Field Support to assist you with any type of reconciliation. There will be NO reruns available but download can be respooled.

Order of download: 1) 'CLI' records – all the client identifying information; 2) 'SRV' records – all assignments

Data Field	Values/Format	Length
Record type	'CLI'	3
Component Code	3-digit State component code	3
Local Case Number	10-digit local case number (leading zeroes)	10
Statewide CARE ID	CARE ID	10
Last Name	Consumer last name	16
First Name	Consumer first name	11
Birth Date	YYYYMMDD	8
County of residence	3-digit Texas county code	3
Ethnicity	I, A, B, W, P, M	1
Client Type	'MH' or 'MR' (based on latest diagnosis for ID)	2
End Date of Download	YYYYMMDD	8
Date of Download Extract Run	YYYYMMDD	8
Quarter/FY	QYY (Ex., 108, 208, 308 or 408)	3
In MH Priority Pop	Y or N or D (Deferred Diagnosis; Code V7109 or 7999)	1
Reason not in priority population	MRDX (single diagnosis of MR), SADX (single diagnosis of substance abuse), NODG (no diagnosis within 2 years from 09/01/XX of current FY – adult), DX18 (age less than 18 and does not meet children's priority population calculation), AX5HI (Current Axis 5 over 50), NOAX5 (presenting problem is equal to 3 – ECI and less than 7 years of age OR an MR diagnosis code is reported on latest DG, therefore AXIS 5 is not required); reason will be blank if MHPRIOPOP = Y or D; RDMC – no child RDM assessment	6
Data of diagnosis that determined MH priority population	YYYMMDD (or blank if no current diagnosis, NODG)	8
Axis5 (GAF)	Two digit Axis 5 code	2
Assigned to MH Adult Service?	Y or N	1
Assigned to MH Child Service?	Y or N	1
