## Overview

---

**Consumer Directed Services** Consumer Directed Services (CDS) is a service delivery option in which an individual or legally authorized representative (LAR) employs and retains service providers and directs the delivery of program services. An individual who chooses the CDS option is supported by a Consumer Directed Services Agency (CDSA) chosen by the individual to provide financial management services, and, at the individual's request, support consultation services if offered by the program in which the individual is enrolled.

---

**Consumer Directed Services Agency** A CDSA is an agency that contracts with DADS to provide financial management services (FMS) to individuals who choose to use the consumer directed services option.

---

**About this Guide** The *CDSA User Guide* contains information intended for use by the CDSA when using the CARE System and includes:

- an overview of the system
  - how to access and exit the system
  - how to navigate screens
  - data entry/update procedures
  - CDSA billing procedures
  - how to use the **Inquiry** function
  - how to access reports
  - screen fields/descriptions table
  - a glossary

## Setup, Access, and Support

---

### Introduction

The Texas Department of Aging and Disability Services (DADS) currently operates an automated enrollment and billing system for HCS and TxHmL. This system allows providers to electronically submit billing, make inquiries, and enter an individual's information.

To have access to this system, the provider must have a PC system. It is the provider's responsibility to have a licensed copy of Windows 3.1 or higher loaded on each machine *and* their modem (if using dial-up) fully functioning *before* requesting access.

---

### Becoming a VPN or Dial-up User

To become a Virtual Private Network (VPN) or dial-up user, the user must be a contracted provider of HCS services and *be serving an individual*. Although both VPN and dial-up are available, **VPN is the preferred method** and is much faster and more reliable than dial-up. Also, the fees for VPN service are lower than the fees for dial-up.

**A provider should contact their DADS Access & Intake, Program Enrollment contact person as soon as they receive their first individual. The necessary forms required for being set up to use VPN or dial-up and accessing the automated system will then be sent to the provider. The completed forms, and any required fees must be returned to the provider's DADS contact person for approval before access to any systems will be granted.**

**If a provider has CARE access and needs an additional account, the provider must contact the Central Help Desk at 1-888-952-HELP (4357) and tell them what is needed.**

DADS provides one free dial-up account per component code. A VPN account or additional dial-up accounts may be obtained for a fee. Contact DADS Community Services Contracts for information on the cost of an additional account. *Fee payments must be sent to DADS, not to ESM.*

---

### Network

After receiving a VPN or Dial-up User ID and Password from Enterprise Security Management (ESM) staff, the provider will need to establish a connection to the HHSC network (HHSCN).

The *VPN Installation Guide* can be obtained at <http://vpn.tx.net/>. The instructions contained in this guide *must* be completed *prior to* installing the QWS3270 emulation software. The user must log in to VPN before downloading and/or using QWS3270

Information about VPN or dial-up can be obtained by calling the Help Desk. The dial-up set up *must* be completed *prior to* installing the QWS3270 emulation software. The user must log in to dial-up before downloading and/or using QWS3270.

---

## Setup, Access, and Support, Continued

---

QW3270 Software	<p>After completing the instructions and establishing a connection with the HHSCN, the QWS3270 emulation software can be installed. The QWS3270 installation software is available via download from the ESM Intranet site <a href="http://hhscx.hhsc.state.tx.us/tech/security/default.shtml">http://hhscx.hhsc.state.tx.us/tech/security/default.shtml</a> by selecting the <b><u>Private Provider Setup and Information</u></b> link.</p>
Windows Vista	<p><b>The version of QWS3270 that is supported by HHSC is not compatible with Windows Vista. HHSC does not support the version of QWS3270 that is Vista compatible.</b></p> <p>Users with Windows Vista must purchase and download a compatible version of QWS3270, which can be found at <a href="http://www.jollygiant.com">www.jollygiant.com</a>.</p>
Forms	<p>Once a VPN or dial-up account has been established with HHSCN, forms requesting access to systems and applications may be obtained at the ESM Intranet site by clicking on the <b><u>Enterprise Systems and Applications Security Access Forms</u></b> link.</p> <p>To request additional access to DADS automated systems, use the Waiver Programs Provider Access Request Form IS090. (Use IS090C for HCS/TxHmL Waiver Programs – CDS Agency)</p> <p>A Security and Privacy Agreement (SPA), EASM-SM-002 form must be submitted by <i>all</i> users of any DADS system or application.</p>
Support	<p>For questions about installing the QWS3270 emulation software, User ID and Password information, or accessing the mainframe (after a VPN or dial-up connection to HHSCN has been established), you may call the Central Help Desk at 1-888-952-HELP (4357).</p>
Technical Support	<p>To successfully access the dial-up system, you must follow your hardware/software installation directions precisely and install each item according to the manufacturer's directions.</p> <p>To effectively use the dial-up access system, it is important to have the technical expertise required to install and maintain your hardware and software. DADS will not install and/or maintain the provider's hardware or software.</p> <p>DADS does not take responsibility for installation of your equipment.</p> <p>As there are many combinations of hardware and software that you could be using, DADS cannot resolve every problem you may encounter. You will need to rely on your technical expert for information concerning your hardware, software, and communications setup.</p>

## Using the Screens and Navigating in CARE

---

Navigate in CARE When you have logged on to CARE, the **M: CARE Main Menu** is displayed. To access an option, type its action code in the Action field (ACT:) at the bottom of the screen. For example, if you need to access the Provider Data Entry Menu, type action code **C00** in the Action field (ACT: **C00**) of any screen and press **Enter**.

---

Provider Menus The system provides menus for data entry/update and inquiry functions for both HCS and TxHmL.

Note: If you use an Action Code that is *not* available to TxHmL CDSAs, the message, “*Authority consumer in provider application*” is displayed and that data entry option cannot be accessed. The CDSA’s MRA is responsible for the data entry of that action.

---

Add/Change/Delete When using the data entry screens, you will add, change, and delete records.

Use	to...
<b>Add</b>	add a new record.
<b>Change or Correct</b>	change or correct incorrect information on a record.
<b>Delete</b>	delete a record entered in error.

---

Header Screens When you access a data entry or data update option, the first screen displayed requests client-identifying information. This screen is referred to as the **header screen**. Header screens may also include the Add/Change/Delete or Add/Correct/Delete direction in the title of the screen.

### Header Screen Structure

A sample header screen for the **C61: Consumer Demographics** option with its identified structure is shown below.

The above sample shows:

- System Date: **09/12/08**, the current date
- Screen Title: **C61: Consumer Demographics: Inquiry**
- Screen Number: **VC060480** - used to identify where you are in the system if you have problems.
- Client-identifying Information fields
- ACT: field - for Action Code entry

### How to Save Your Data

When you have finished entering data on any data entry screen and you are sure the data is correct, type **Y** in the READY TO ADD? field and press **Enter** to save the data.

If the system...	Then...
finds no errors	the header screen is displayed with a message informing you that the information was added, changed, or deleted, depending on the action you requested.
finds an error	the data entry screen is displayed with asterisks on the line containing the error and a message about the error. When you have corrected the error, type <b>Y</b> in the READY TO ADD? field and press <b>Enter</b> to save the data.

## Exiting CARE

---

### Exit Procedure

You can exit the system from any screen. To exit the system:

- Type **Q** in the ACT: field.
- Press **Enter**.
- Type **logoff** at the prompt.
- Press **Enter**.

Result: The **CL/SUPERSESSION Main Menu** is displayed.

- Press **F3** to display the **Exit Menu**.
- Press **F3** to exit the system.

*You must also disconnect your HHSCN connection to terminate your dial-up connection.*

# Changing Your Password

## Change Password

You must change your temporary password. It is recommended that you change it to one that is meaningful to you.

You can change your password as often as you like, but your password must be changed every 90 days (a prompt will occur).

Your password *must* contain:

- eight characters (letters and numbers),
- *no* spaces,
- *no* special characters (#, \$, ;),
- *nothing* associated with your user number,
- *no* double characters, and
- passwords *cannot* be reused.

## Change Password Procedure

The following table describes how to change your password. The procedure begins at the SuperSession **MHMR-NET** screen.

# Modify Provider Service Authorization (C29)

## Introduction

The *Modify Provider Service Authorization* screen allows a CDSA to move service units when it becomes necessary to adjust the units because of a service rate change. When a CDS service rate changes, the system automatically converts any CDS service authorizations affected by a rate change into two segments so the service period has a single rate in effect.

One segment includes the program units (in hours not dollars) prior to the rate change. The second segment includes the number of program units available after the rate change for the remainder of the service plan period. In some instances the CDSA may not have submitted all the claims for services delivered prior to the rate change effective date. In order to file these claims, the CDSA may move program units between these two segments.

## Revise/Error Correct

The first time service units are moved, make the changes using **R/Revise**. Any subsequent changes to that same service must be made using **E/Error Correct**.

## Procedure

The following table describes the steps a CDSA will use to move service units.

# Register Client Update (C09)

## Introduction

The *Register Client Update* process allows a CDSA to assign a local case number. *Only one local case number per component* is to be assigned.

Check all fields for accuracy. If the information is not correct, it may result in non-payment of services due to the inability to determine Medicaid eligibility or level of care.

## Procedure

The following table describes the steps a CDSA will use to add a local case number.

## Provider Staff Entry (C13)

---

### Introduction

The *Provider Staff Entry* process allows a CDSA to add, change, delete, or reactivate information on staff members who provide services to individuals.

---

## Provider Staff Entry (C13): Add

### Procedure

The following table describes the steps a CDSA will use to add information on a staff member who provides services to individuals.

Note: Each CDSA defines its own staff ID numbers. The numbers can be alpha, numeric, or alphanumeric and up to five characters in length.

## Provider/Contract Update (C14)

---

### Introduction

The *Provider/Contract Update* process allows a provider to add, change, or delete provider, contract, and applicant contact address information that includes:

- the provider's physical address\*
- the provider's mailing address
- the provider's billing address
- the contract physical address\*\*
- the contract mailing address
- the applicant contact's physical address
- the applicant contact's mailing address

\* The provider's email address can be updated when updating the Provider's Physical Address.

\*\* The Program Contact name, telephone number, and fax number information can also be updated when updating the Contract Physical Address.

---

### Important

It is vital that all provider and contract information be kept current. Failure to do so will delay the ability to get information to providers.

Provider and contract information that **C14: Provider/Contract Update** will not allow a provider to enter must be sent to the Community Services (CS), Contracts section of Provider Services for data entry.

---

# CDSA Billing Procedures

---

## Introduction

The *CDSA Billing Procedures* section of the CDSA User Guide describes the general steps used for each billing procedure.

Sample screens in this documentation display fictitious information to show the screens used in the procedures you perform.

---

## In this Section

This section contains information about the following procedures:

<b>Procedure</b>	<b>Page</b>
General Billing Procedures (C22/C28)	32
Self-Directed Services Billing (C22/C28)	34
Financial Management Services (C22)	43
Support Consultation Billing (C28)	50
Adaptive Aids/Minor Home Modifications/Dental Prior Approval and Billing (C22/C28)	58

---

## General Billing Procedures (C22/C28)

---

### Introduction

The HCS and TxHmL Programs' reimbursement methodology is based on fee for service, and payment is based on service entry. CDSAs will bill for individual services provided to CDS individuals, the FMS fee, and Support Consultation. CDSAs will also change or delete billing data. Detailed instructions for general billing procedures are described in this section. In addition, this section includes documentation on the **C89: Claims Inquiry** screen as data from this screen is required for the CDSA to bill certain services or make changes to claims in **C22: Service Delivery**.

Note that there are four distinct billing procedures which are briefly described below. Detailed instructions for each are included in this guide.

---

### Self-Directed Services

After adding total dollar amounts of service to be claimed for a self-directed service on the **C22: Service Delivery** screen, the system will automatically branch to the **C28: Actual Units of Service** screen where actual units of services will be entered.

---

### Financial Management (FMSV)

Financial Management Services (FMSV) is billed on the **C22: Service Delivery** screen by entering actual units of service *only*, rather than dollars. For example, you will enter one unit of service per month.

See the [Financial Management Services \(C22\) Billing](#) section on page 43 of this guide for detailed instructions describing the billing process for FMSV.

---

### Support Consultation (SCV)

Support Consultation (SCV) is billed as a direct service by entering the actual units of service provided on the **C22: Service Delivery** screen.

The billing unit for SCV will be one hour rather than one dollar, and SCV can be billed in quarter hour increments.

**Example:** Geoff needs to bill for 30 minutes of Support Consultation. He will access the **C22: Service Delivery** screen using the SCV billing codes, and enter .50 units in the appropriate date field.

See the [Support Consultation Billing \(C28\)](#) section on page 50 of this guide for detailed instructions describing the billing process for SCV.

### **Adaptive Aids/ Minor Home Modifications/ Dental Prior Approval**

The *Adaptive Aids/Minor Home Modifications/Dental Prior Approval and Billing* section provides billing information for the CDSA. Special consideration must be given to minor home modifications (MHM), adaptive aids (AA), and dental (DE) services.

See the [\*Adaptive Aids/Minor Home Modifications/Dental Prior Approval and Billing\*](#) section on page 58 of this guide for detailed instructions describing the billing process.

## Financial Management Services (C22) Billing

---

### Introduction

The *Financial Management Services Billing* process is used by a CDSA to enter actual units of service (rather than dollars) for Financial Management Services (FMSV).

Actual units provided for FMSV will only be entered in the **C22: Service Delivery** screen.

Documentation on one inquiry screen, **C89: Claims Inquiry** is included with this procedure as data from this screen is required for the CDSA to bill for services or to make changes to claims.

## Support Consultation Billing (C22)

---

### Introduction

The *Support Consultation Billing* process is used to enter actual units of service (rather than dollars) for Support Consultation (SCV). Support Consultation is billed as a direct service by entering the actual units of service provided on the **C22: Service Delivery** screen. The billing unit for SCV will be one hour rather than one dollar, and SCV can be billed in quarter hour increments.

Documentation on one inquiry screen, **C89: Claims Inquiry** is included with this procedure as data from this screen is required for the CDSA to bill for services or to make changes to claims.

# Adaptive Aids/Minor Home Modifications/Dental Prior Approval Billing

---

## Introduction

The *Adaptive Aids/Minor Home Modifications/Dental Prior Approval and Billing* section provides billing information for the CDSA. Special consideration must be given to minor home modifications (MHM), adaptive aids (AA), and dental (DE) services.

This section includes documentation on the **C75: Prior Approval Inquiry**, **C77: Reimbursement Authorization Inquiry**, and the **C89: Claims Inquiry** screens as data from these screens is required for the CDSA to bill certain services or make changes to claims in **C22**.

---

## Prior Approval for AA/MHM Services

CDSAs may obtain prior approval to determine how much DADS will pay for a particular AA or MHM. CDSAs submit the *AA/MHM Request for Prior Approval* form to DADS to request approval of an AA or MHM prior to its purchase. Submitted requests will be assigned a Prior Approval (PA) Tracking Number. CDSAs are responsible for accessing **C75: Prior Approval Inquiry** to look up the PA Tracking Number and status for a submitted request. The CDSA is not required to get prior approval. They can assist, but the consumer, DR, or Legal guardian is responsible.

Note: AA/MHM/DE services must also be placed on the individual's IPC by the service planning team prior to the service being provided in order to be reimbursed.

---

## Procedure

Using **C75: Prior Approval Inquiry** allows you to:

- view/verify the status of a prior approval submission for Adaptive Aids and Minor Home Modifications, *and*
- obtain the PA (prior approval) Tracking Number necessary for submission on the *MHM/AA/DE Summary Sheet* (4116A) to request reimbursement authorization.

The following table describes the steps used to access the prior approval inquiry screen and to display the inquiry results.

Step	View	Action
1	--	To access the <b>C75: Prior Approval Inquiry</b> screen: <ul style="list-style-type: none"><li>• Type <b>C75</b> in the ACT: field of any screen.</li><li>• Press <b>Enter</b>.</li></ul> <u>Result:</u> The <b>C75: Prior Approval Inquiry</b> header screen is displayed.

Reimbursement Authorization for MHM/AA/DE Services

When CDSAs submit a *Minor Home Modification/Adaptive Aids/Dental Summary Sheet* (4116A) with receipts and any other needed information, they are requesting Reimbursement Authorization (i.e., authorization for payment). Once Reimbursement Authorization has been given an “approved” status in **C77: Reimbursement Authorization Inquiry**, CDSAs may bill for the AA, MHM, or DE service using **C22: Service Delivery**. The Reimbursement Authorization (RA) Tracking Number obtained from **C77** should be used as the authorization number in **C22**. CDSAs are responsible for reviewing **C77** to obtain the RA Tracking Number and status for a submitted request.

# Inquiry

---

**Introduction**                    The inquiry screens offer a variety of online reports that provide quick response and are useful for data entry reference and for listing readily available information.

The *Inquiry* section provides general instructions on how to access and display information for the options on the **C60: Provider Inquiry Menu**. It does not include an example of how to access *each* inquiry option.

---

**Inquiry Screens**                The inquiry screens allow you to access and view individual, service, and billing information. The following table provides a listing of the inquiry screens and descriptions of inquiry results.

Inquiry Screen	Description
<b>C61: Consumer Demographics</b>	An individual's demographic information, including name, client ID, local case number, address, birthdate, SSN, contract number, service county, location, and dates for IPC, Level of Care/Need, and Medicaid program.
<b>C62: Individual Plan of Care (IPC)</b>	An individual's IPCs including revisions are displayed. Data displayed includes IPC dates, service units, annual cost, authorized amount, and signature information. <u>Note:</u> The IPC should be checked periodically.
<b>C63: DHS Medicaid Eligibility Search</b>	Medicaid recipient information, including certification date, eligibility date, and other Medicaid eligibility information. <u>Note:</u> The CDSA must always check Medicaid eligibility.
<b>C64: IPC Expiration</b>	Lists individuals at your component with IPCs due to expire by a specified date.
<b>C66: Consumer Discharges</b>	Lists individuals at your component who have been discharged with discharge begin/end dates. May be limited to display temporary, permanent, or all discharges and by specific date ranges.
<b>C67: Consumer Roster</b>	Lists the consumers for your component, including name, Client ID, local case number, Medicaid number, enrollment status, and contract number and name.
<b>C68: MR/RC Assessments - Summary</b>	Individual MR/RC Assessment information, including dates, level of care (LOC), level of need (LON), effective dates, and purpose code.
<b>C69: Provider Information</b>	Information on providers, including legal name, CEO contact name, address/telephone information, and corresponding contract number, name, and status information.
<b>C70: Contract Information</b>	Information on contracts at your component, including dates, authorized designee, program contact, address/telephone information, and contract service areas.
<b>C72: Service Delivery by IPC</b>	Includes billing information by IPC (paid, not paid, amount remaining on IPC) in program units or dollars by selected individual.
<b>C73: Service Delivery by Provider</b>	Service delivery for your component using service begin/end dates and services paid, approved to pay, and not paid for each individual served.
<b>C75: Prior Approval</b>	Listing of individuals at your component for whom you have requested prior approval for adaptive aides/minor home modifications/dental services. Screen displays approval status and tracking number. <u>Note:</u> The CDSAs must always check this information.

# Accessing Reports

## Overview

---

**Introduction** Reports have been developed to give program providers cost, claim, and billing information, and information about individuals. A provider will receive, via the internet, Waiver reports, such as the consumer billing report, client profile report, etc., which will assist the provider in managing the program.

---

**EDTS Server** The DADS HCS/TXHML EDTS server was purchased solely for DADS HCS/TXHML to send reports to the provider and to send/receive X12 transaction files from/to the provider. No extraneous space was purchased, nor is any space available for providers to store copies of reports or uploads of any other miscellaneous data. Monthly scans are performed to clean out report files older than 16 days. In addition, random scans are performed and unauthorized data (i.e., files and folders) will be removed without notification to the provider.

---

**Obtain Access** For a Waiver provider to establish a connection with DADS HCS/TXHML to retrieve Waiver reports, the following steps must be completed.

To obtain access to the EDTS server:

1. A provider must fax an Electronic Transmission Agreement (ETA) form to HHS Enterprise Security Management (ESM), using the fax number provided in the **Forward Completed Form To:** section of the form. The provider can access the form at [http://hhscx.hhsc.state.tx.us/eit/security/private\\_provider\\_info.html](http://hhscx.hhsc.state.tx.us/eit/security/private_provider_info.html). The ETA form is, in part, a request for a user ID and password to have access to retrieve the Waiver reports. The user ID and password created by the ETA form are **separate** from the CARE user ID and password and the retrieval of the Waiver reports uses a process that is also completely separate from CARE. **DO NOT** confuse the ETA and CARE user IDs and passwords.
  2. While ESM is processing the ETA form, the provider must determine which software to use and download it. Because of HIPAA Privacy rules, providers must use encryption software to retrieve Waiver reports. See the options in the *Recommended Client Software* section (most options can be downloaded from the Internet).
  3. After the ETA form is processed, HHS Enterprise Security Management (ESM) will telephone the provider with a user ID and password. This process should take about two weeks.

## Overview, Continued

---

### Retrieve Reports in a Timely Manner

It is the provider's responsibility to retrieve the reports from their respective EDTS server folder. Providers should be aware that their *reports are overwritten each time new reports are loaded*. Several of these reports are loaded weekly. Therefore, providers must access the EDTS server on a weekly basis to avoid missing reports.

---

### Backup Files

Backup files are kept in the event that previous reports must be recovered. These files, however, are not kept indefinitely, and reports can only be recovered for a limited period of time. Reports will be limited only to recovery for the most recent three months including the current month. Reports requested for recovery will be loaded to the provider's EDTS server folder. They will not be mailed.

---

## Recommended Client Software

---

### Introduction

The following table lists the recommended client software and their Internet addresses.

Note: Questions regarding specific software should be directed to the respective product vendor.

Type	Windows	Unix (and Variants)
Free	PuTTY (PSFTP command line client. Binary only transfers.) <a href="http://www.chiark.greenend.org.uk/~sgtatham/putty/download.html">http://www.chiark.greenend.org.uk/~sgtatham/putty/download.html</a> <u>Note:</u> It is suggested that you download the user manual and review the manual before downloading PSFTP.Exe. This is a DOS-based command requiring the EDTS server name (domain name) and your ETA Logon/password issued by IASS.	OpenSSH <a href="http://www.openssh.org/">http://www.openssh.org/</a> <u>Note:</u> Only SFTP is supported for connections from OpenSSH clients.
	FileZilla (GUI client, based on PuTTY PSFTP code for SFTP connections) <a href="http://sourceforge.net/projects/filezilla">http://sourceforge.net/projects/filezilla</a> <u>Note 1:</u> Select the latest version and download the highlighted items. This is a Windows-based command requiring the EDTS server name (domain name) and your ETA Logon/password issued by IASS. <u>Note 2:</u> Because DADS HCS/TXHML requires providers to have Windows-based systems for QWS3270 software for use with DADS HCS/TXHML's Automated System, it is thought that most Waiver providers will use the FileZilla software.	
Commercial	SSH Secure Shell for Workstations <a href="http://www.ssh.com/products/security/secureshellwks/">http://www.ssh.com/products/security/secureshellwks/</a>	SSH Secure Shell for Servers <a href="http://www.ssh.com/products/security/secureshellserver/">http://www.ssh.com/products/security/secureshellserver/</a>

# FileZilla

FileZilla

The majority of providers are selecting the Windows-based free encryption software FileZilla.

The site manager function of FileZilla should be set up as shown below.

FileZilla allows you to highlight (click) the file inside the **Rpt/Waivers** folder, then drag the folder to your “C” drive displayed on the left center side of the FileZilla screen.

## Zip/Unzip Software

---

Introduction	Starting July 1, 2004, DADS HCS/TXHML began compressing or ‘Zipping’ all reports loaded to the EDTS server. Therefore, providers will be required to use zip software to open their report files. This is being done in anticipation in years to come of an increased number of providers needing access to the EDTS server, as well as additional reports becoming available.
Zip Software	DADS HCS/TXHML plans to use the WINZIP software, which does have a minor cost associated with it. Providers may use any ZIP software to Unzip a file, regardless of the software that DADS HCS/TXHML uses to Zip the file. A comprehensive list of ZIP software products can be found at <a href="http://www.tucows.com/comp95_default.html">http://www.tucows.com/comp95_default.html</a> .
Freeware	Some of the ZIP software products available at the above link are available at no cost to the user. They are listed as ‘Freeware.’ DADS HCS/TXHML reviewed four of the nine listed Freeware products for ease of understanding and usability. The IZArc software screen was found to be the easiest to understand; however, users had to reference the help section to fully understand how to utilize the screen's capability. It is at the provider's discretion which ZIP software is downloaded and used to UnZIP files.
Support	DADS HCS/TXHML will not provide support for any non-DADS HCS/TXHML software downloaded by the provider. It will be the provider’s responsibility to contact the software company or vendor if problems are encountered during downloading or usage of ZIP software.

## Access Server Connection/Load Reports/Retrieve Waiver Reports

---

### Access the EDTS Server Connection

After the software has been downloaded, the provider must access the EDTS server to retrieve the Waiver reports. This server is accessible from any internet provider. Connections to the server must use the Secure Shell (SSH) version 2 protocol via an SFTP server. The EDTS server name (domain name) that must be used with the software is **mhmredts.mhmr.state.tx.us**

The contact name from ETA form will be considered the primary user and will have access to a folder named **Rpt** Folders named **X12in** and **X12out** will be visible on the screen, but will not be able to be accessed unless the provider is billing via X12 transactions (batch billing).

Additional provider staff who have access will be considered secondary users and will only see and have access to the **Rpt** folder (the **X12in** and **X12out** folders will not be visible to secondary users). Request for additional access may be obtained by completing the IS090 form and faxing it to the appropriate party.

---

### Reports Loaded

By obtaining access, a folder unique to the provider will be created. As reports are prepared, they will be loaded to the folder according to the report time schedule.

The following reports will be loaded to the **Rpt** folder:

- **HC062460 – MRA Service Utilization Report \*** (Portrait) Tuesday after the last Friday of the month/Monthly  
The Texas Home Living Utilization Report.
- **HC062942 – Remittance & Status Report** (Landscape) Friday/Weekly  
The Remittance & Status Report reconciles the warrant (actual paid claims from the Comptroller) to claims submitted, minus any additional credits from the Comptroller.
- **HC062962 – HCS Accumulated Approved to Pay Report** (Landscape) Friday/Weekly  
The Accumulated Approved to Pay report contains information on all claims submitted and sent for payment at the comptroller, it does not indicate payment from the comptroller.
- **HC062017 – Approved to Pay Report \*** (Landscape) Tuesday/Weekly  
Formerly known as the Billing Report. The information on this report now includes ICN & Line numbers. This report has the same information as the Paid Claim File (GC062040), except that it is in a report format.
- **HC062310 – Service Utilization Report \*** (Portrait) Tuesday after the last Friday of the month/Monthly  
The Utilization Report has not changed.

- **HC062015 – Denied Claims Report \*** (Landscape) Tuesday/Weekly  
Formerly known as the Exceptions Report. The information on this report now includes ICN & Line numbers.
- **GC062040 – Paid Claim File \*** (File, semi-colon delimited)  
Tuesday/Weekly  
The Paid Claims File is new and contains data on claims DADS HCS & TXHML Waiver Programs have sent to the Comptroller to be paid. The data in this file is in semi-colon delimited format, which can be downloaded directly into the provider's local billing program.
- **HC062020 – Client Profile Report \*** (Landscape) Tuesday after the last Friday of the month/Monthly
- **HC062746 – Waiver Local Authority Refinance by MRA Report \*** (Landscape)
- **HC062835 – HHSC Cost Report** (Portrait) Annually after 1<sup>st</sup> billing run in September.  
Contains information that will assist with Annual Cost Reports.

\*All billing reports will be available once Medicaid Administration approves billing.

Note: See *Format Report* for assistance on formatting the reports.

---

Retrieve Reports

The reports that are in the **Rpt** subfolder use the following naming convention: nnnnnnnn\_rrrrrrr.txt. The nnnnnnnn represents the provider's Electronic Transmission Interface Number (ETIN) and rrrrrrr is the report number. Example: 123456789\_HC062020

Note: The ETIN is a unique number assigned to each provider to ensure the provider receives the correct reports and is the same as the provider's Federal Tax Identification Number or Social Security Number.

Report files will be available for download into the provider's system from the **Rpt** sub-folder. See the *Formatting Report* section for formatting assistance.

The reports in the **Rpt** folder will be overwritten each week, so the provider must save them to the **C:** drive if the reports are to be saved. To copy a report from the EDTS Server to your **C** drive:

- Click **Rpt**.
  - Click **Waiver**.
  - Locate the report you want to copy.
  - Click and hold down the button to select the report.
  - Drag and drop the document in the **Rpt/Waiver** section on the left side of the screen.
  - Replace each saved file name with a unique name so the report will not be overwritten the next time the report is retrieved.
-

# Format Report

## Format Report

Any word-processing software can be used to view reports and report files opened as text. The following page setup instructions are based on the use of **Microsoft Word**.

Page Orientation	Format

## Paid Claims Files

---

### Format Paid Claim File

Paid Claims files will be available on request for those providers who want to receive a semi-colon delimited file (information that is not in any particular format.)

- **Spreadsheet Software** - Any spreadsheet software capable of importing delimited files can be used.
  - **Semi-Colon Delimited Files** - Open the file in Excel, then follow the **Text Import Wizard** pop-up screens.
    - For **Original Data Type** select **Delimited** (instead of **Fixed-width**).
    - Click on **Next** to go to the next window.
    - In **Delimiters** check **Semicolon** and uncheck all others.
    - Click on **Next**.

Note: Providers will need to adjust column formats in this third window.

    - Click on the columns that contain numbers (especially those with large numbers) in **Data Preview**
    - Select **Text** (instead of **General**) in **Column Data Format**.
    - Click **Finish**.
-

## Passwords/Contacts

---

### Passwords

DADS HCS/TXHML guidelines require passwords to be changed every 90 days. This includes those logon passwords issued for the mhmredts.mhmr.state.tx.us secure server. Users will be notified, via an email, that a message containing the user's new password has been placed in their EDTS server primary folder. This message will be placed in the primary folder seven (7) days prior to the old password expiration date. It will be the user's responsibility to read this message and note the new password. Should the message not be read in time, the user will be able to have a new password set by calling the Help Desk. The Help Desk will route the call to the appropriate office, which in turn will call the user with the new password.

---

### Contacts

Use the following guidelines when you encounter problems or have questions:

For **Rpt** folder questions:

- HHSC Help Desk, 512-438-4720 or 1-888-952-4357 Monday through Friday between the hours of 7:00 a.m. – 6:00 p.m.

For HIPAA inquiries:

# Glossary

---

<b>Introduction</b>	<p>The following terms and definitions are used in the automated systems for the Home and Community-Based Services (HCS) and Texas Home Living (TxHmL) programs.</p> <p>Forms identified in the <i>Glossary</i> are located on the Department of Aging and Disability Services (DADS) website. For a listing of web sites and their corresponding web addresses, refer to the <i>Web Addresses</i> section of the <i>Introduction</i>.</p>
<b>Adult</b>	<p>A person who is 18 years of age or older.</p>
<b>Actively involved</b>	<p>Involvement with an individual that the individual's service planning team deems to be of a quality nature based on the following:</p> <ul style="list-style-type: none"><li>• observed interactions of the person with the individual;</li><li>• a history of advocating for the best interests of the individual;</li><li>• knowledge and sensitivity to the individual's preferences, values, and beliefs;</li><li>• ability to communicate with the individual; and</li><li>• availability to the individual for assistance or support when needed.</li></ul>
<b>Allowable Cost</b>	<p>A billable service or item that is within the rate and spending limits of the rate established by the Health and Human Services Commission and that meets the requirements of an individual's program.</p>
<b>Applicant</b>	<p>Depending on the context, an applicant is:</p> <ul style="list-style-type: none"><li>• a person applying for employment with an employer;</li><li>• a person or legal entity applying for a contract with an employer to deliver services to an individual; or</li><li>• a person applying for services through a DADS program.</li></ul>
<b>Assignment (to Location Code)</b>	<p>Identifies the location and residential type of an individual's residence.</p>
<b>Authorized Amount</b>	<p>Total dollar amounts currently allowed on an individual's IPC (Individual Plan of Care). Exceeding this amount requires a review by the Program Enrollment/Utilization Review (PE/UR) unit of Mental Retardation Authorities.</p>
<b>Billable Unit</b>	<p>A term used by DADS to describe one (1) unit of a HIPAA standard procedure code. Depending on the procedure code, one (1) Billable Unit may be equal to 15 minutes, 1 day of service, or 1 month of service.</p>
<b>Budget</b>	<p>A written projection of expenditures for each program service delivered through the CDS option.</p>

## Glossary, Continued

---

<b>Budgeted Unit Rate</b>	The unit rate calculated for employee compensation (wages and benefits) in the budgeting process for services delivered through the CDS option. The rate is calculated after employer support services have been budgeted.
<b>CARE (Client Assignment and REgistration) System</b>	Centralized, confidential client database, in which service recipients are registered and tracked.
<b>CARE CDS Service Codes</b>	In the CARE system, all services being self-directed have acronyms that end in “V.” For example, in HCS with Supported Home Living (SHL), this service will appear as “SHLV.”
<b>Case Manager</b>	A person who provides case management services to an individual. The case manager assists an individual who receives program services in gaining access to needed services, regardless of the funding source for the services, and assists with other duties as required by the individual’s program. In the HCS Program, an individual is assigned a case manager.
<b>CDS Option (Consumer Directed Services)</b>	A service delivery option that allows individuals or their legally authorized representatives to be the employer of their direct service providers by recruiting, hiring, training, supervising, and terminating their service providers. Services that can be self-directed vary depending on the DADS program.
<b>Certified HCS Provider</b>	A contracted HCS program provider, serving enrolled individuals, that has received an on-sight survey by DADS and has demonstrated compliance with the HCS Principles.
<b>Certified TxHmL Provider</b>	A contracted TxHmL program provider, serving enrolled individuals, that has received an on-sight survey by DADS and has demonstrated compliance with TxHmL standards.
<b>Claim</b>	A service that is submitted by the provider for payment. Each claim must be for one individual, one contract, one service type, one month, one place of service, and one level of need. A single claim may include multiple dates of service within the month.
<b>Client Identification Number (Client ID)</b>	Unique statewide identifier generated by the CARE system when each person is registered by the Mental Retardation Authority. Also referred to as the CARE ID.
<b>Client/Consumer/ Individual</b>	A person enrolled in the HCS and/or TxHmL program.

## Glossary, Continued

---

<b>Community-Based Services</b>	Services provided within the community by community centers or private providers. Includes the array of services reflected on the IPC.
<b>Component Code</b>	Three-digit unique code that identifies a state hospital, state school, state center, community center, or private provider.  You must provide this three-digit code each time you contact DADS.
<b>Comptroller Vendor Number</b>	Fourteen-digit number by which the State of Texas Comptroller's office identifies the provider.
<b>Consumer Directed Services Agency (CDSA)</b>	An agency that contracts with DADS to provide financial management services (FMS) to individuals who choose to use the consumer directed services option.
<b>Consumer Enrollment</b>	Process of enrolling an individual into HCS and/or TxHmL in which the local Mental Retardation Authority has the responsibility of completing all steps in the enrollment process, including developing the PDP, MR/RC, and IPC, monitoring the financial eligibility determination process, and electronically submitting information to the DADS, Program Enrollment/Utilization Review unit for review. The Program Enrollment unit must authorize all enrollments into the HCS or TxHmL program to complete the actual enrollment.
<b>Consumer Hold</b>	Consumer hold may be temporary hold or permanent hold and results in withholding of payment after claims have been submitted or preventing the entry of claims. Reasons for consumer hold are listed on the Consumer Hold Report (HC062270).
<b>Contract Number</b>	Nine-digit number that identifies the contract under which an individual is receiving services.
<b>Contractor</b>	A person, such as a licensed or certified therapist, a licensed or registered nurse, or other appropriately credentialed professional, who has a service agreement with an employer to perform one or more program services as an independent contractor, rather than an employee of the employer or of an entity. A contractor may be a sole proprietor.
<b>Correspondent</b>	In case of an emergency, the primary correspondent is the first person to contact on behalf of an individual. This person is not necessarily a relative or financially responsible for the care of the individual being served. The secondary correspondent is the person to contact on behalf of an individual if the primary correspondent cannot be reached.
<b>Cost Ceiling</b>	<i>See Authorized Amount.</i>

## Glossary, Continued

---

<b>CPT® Code</b>	Current Procedural Terminology (CPT®) is a set of procedure codes providers use to bill for services in <b>C22: Service Delivery</b> . CPT® Codes are used in the SERVICE CODE field.
<b>DADS</b>	The Department of Aging and Disability Services.
<b>Designated Representative (DR)</b>	An adult who is chosen by the employer (individual or LAR) to assist or to perform employer responsibilities in the CDS option. This individual must be willing to perform these duties on a volunteer basis, must be age 18 years or older, must pass a criminal background check and must not be listed on either the Employee Misconduct Registry or the Nurse Aid Registry.
<b>Discharge</b>	<p><b>Permanent Discharge (PD):</b> the termination of services to the individual by DADS because the individual has voluntarily left the program or is found to be ineligible for the program.</p> <p><b>Temporary Discharge (TD):</b> the suspension of services to the individual by the provider while the individual is unable, ineligible, or unwilling to receive services.</p>
<b>Electronic Transmission Agreement (ETA)</b>	A DADS form that providers use to request access to a secure server. Access may be for the provider, a clearinghouse that the provider has designated to transmit X12 transactions on its behalf, <i>or</i> any provider to retrieve reports from the EDTS server.
<b>Employee</b>	A person employed by an employer through a service agreement to deliver program services and is paid an hourly wage for those services.
<b>Employer</b>	An individual or LAR who chooses to participate in the CDS option, and, therefore, is responsible for hiring and retaining service providers to deliver program services. In the CDS option the employer must be either the individual receiving services (who is at least 18 years of age and does not have a legal guardian), a parent, or legal representative of a minor-aged individual, or the legal guardian, regardless of the age of the individual receiving services.
<b>Employer-Agent</b>	The Internal Revenue Service (IRS) designation of a CDSA as the entity responsible for specific activities and responsibilities required by the IRS on behalf of an employer in the CDS option.
<b>Employer Support Services</b>	Services and items the employer needs to perform employer and employment responsibilities, such as office equipment and supplies, recruitment, and payment of Hepatitis B vaccinations for employees and support consultation. <u>Note:</u> These should be allocated as <b>1= Indirect Cost Only</b> on <b>C28: Actual Units of Services</b> .

---

<b>Entity</b>	An organization that has a legal identity such as a corporation, limited partnership, limited liability company, professional association, or cooperative.
<b>Financial Eligibility</b>	To be served in the HCS or TxHmL program, an individual must receive Medicaid benefits. An individual is financially eligible if he/she is receiving Supplemental Security Income (SSI) benefits through the Social Security Administration <i>or</i> is receiving Medicaid Assistance Only (MAO) through the Texas Health and Human Services Commission.
<b>Financial Management Services (FMS)</b>	A service provided to the employer (individual or LAR) by a CDSA. This service consists of registration as the individual's employer-agent, assistance as necessary with the individual's service budget, approval of the service budget, performance of criminal background and registry checks upon request, verification of direct service provider credentials, processing direct service provider timesheets, computing and paying all federal and state taxes, distributing payroll, processing invoices and receipts for payment, maintenance of records for all expenses and reimbursements, monitoring of budgets, preparation of at least quarterly reports regarding the CDS budget for the employer and CM or SC.
<b>Guardian</b>	A person appointed by law to represent and make appropriate decisions for an individual because of a physical, mental, psychological, or intellectual condition that prevents the individual from making reasonable decisions or doing what is necessary for his or her health or welfare.
<b>HCPCS</b>	Healthcare Common Procedure Coding System. HCPCS (pronounced <b>hick' • picks</b> ) is a set of procedure codes providers use to bill for services in <b>C22: Service Delivery</b> . HCPCS Codes are used in the SERVICE CODE field.
<b>Home and Community-Based Services (HCS) Waiver Program</b>	A waiver of the Medicaid state plan granted under Section 1915 (c) of the Social Security Act which provides community-based services to certain people with mental retardation or a related condition as an alternative to institutional care.
<b>ICAP Service Level</b>	The ICAP service level identifies the level of service as determined by the Inventory for Client and Agency Planning (ICAP) assessment instrument.
<b>ICF/MR</b>	An intermediate care facility for persons with mental retardation or a related condition.
<b>Individual</b>	A person enrolled in a program.

<b>Individual Plan of Care (IPC)</b>	A format for documentation of services needed by a person receiving services in the HCS or TxHmL program. The IPC is based on an assessment of the individual's needs and personal goals and is developed by the IDT service planning team. The IPC contains the specific types of services required to support an individual in the community, the units of services, and the estimated annual cost.
<b>Individual Service Plan (ISP)</b>	A written plan developed by the Interdisciplinary Team that describes the individual's characteristics, desires, needs, and personal outcomes, the waiver and non-waiver services necessary to achieve the individual's outcomes, the objectives and methodologies related to each service, and the justification for each service. The ISP must be reviewed and updated at least annually and as the individual's circumstances change. The ISP describes the services to be included in the IPC.
<b>Interdisciplinary Team (IDT)</b>	A planning team constituted by the provider consisting of the individual and Legally Authorized Representative (LAR), a case manager, a nurse, other persons chosen by the individual/LAR, and professional or direct care staff necessary to address the needs and desires of the individual.
<b>Internal Control Number or ICN</b>	An ICN is used to uniquely identify a single claim. An ICN will be assigned to a claim when at least 1 line item for that claim has passed the Phase 1 edits (i.e., has been accepted into the system).
<b>Inventory for Client and Agency Planning (ICAP)</b>	A validated, standardized assessment that measures the level of assistance and supervision an individual requires and, thus, the amount and intensity of services and supports an individual needs.
<b>Legally Authorized Representative (LAR)</b>	A person authorized or required by law to act on behalf of an individual with regard to a matter described in this chapter, including a parent, guardian, managing conservator of a minor, or the guardian of an adult.
<b>Level of Care (LOC)</b>	A determination of eligibility of an individual for the ICF/MR, HCS, or TxHmL programs. Assignment of the LOC is based on medical and intellectual diagnosis and professional evaluation of the person's needs.
<b>Level of Need (LON)</b>	An assignment given to an individual enrolled in the ICF/MR, HCS, or TxHmL programs upon which reimbursement for services is based. The Level of Need determines the payment rate for Day Habilitation, Supervised Living, Residential Support Service, and Foster Care in HCS and the daily rate in community ICF/MRs.
<b>Line Item</b>	The part of the claim that specifies the date of service. Multiple line items can be included as part of one claim.

---

<b>Line Number</b>	Number used to uniquely identify a single line item within a claim. It is always used in conjunction with the ICN. Both the ICN and Line Number will be assigned to a line item when at least 1 line item on a claim has passed the Phase 1 edits (i.e., has been accepted into the system).
<b>Local Case Number</b>	Number assigned to the individual by the provider. The local case number can be 1-10 characters with any combination of letters and numbers. When an individual moves from one provider to another, the new provider must assign a local case number.
<b>Location Code</b>	Code used to identify a home in which residential services are provided. The Location Code can be 1-4 characters with any combination of letters and numbers.
<b>Logon Account Number (User ID Number)</b>	Number assigned to each user by DADS that identifies the user and allows that user to access the network.
<b>Mental Retardation Authority (MRA)</b>	An entity to which the Texas Health and Human Services Commission's authority and responsibility described in THSC, §531.002(11) has been delegated.
<b>Minor</b>	A person who is 17 years of age or younger.
<b>Minor Home Modification/ Adaptive Aids/ Dental Summary Sheet (4116A)</b>	A form that is used to request Reimbursement Authorization for adaptive aids, minor home modifications, or dental services.
<b>Modifier</b>	<i>See Procedure Code Modifier.</i>
<b>MR/RC Assessment</b>	A form utilized by DADS for eligibility determination, LOC determination, and LON assignment.  Refer to the MR/RC Assessment instructions at <a href="http://www.dads.state.tx.us/handbooks/instr/8000/F8578-HCS/">http://www.dads.state.tx.us/handbooks/instr/8000/F8578-HCS/</a> for definitions of the terms used on the MR/RC.
<b>Non-Program Resource</b>	A resource other than an individual's program that provides one or more support services or items.
<b>Parent</b>	A natural, legal, foster, or adoptive parent of a minor.

---

<b>Permanency Planning</b>	A philosophy and planning process that focuses on the outcome of family support for an individual under 22 years of age by facilitating a permanent living arrangement in which the primary feature is an enduring and nurturing parental relationship.
<b>Person-Directed Plan (PDP)</b>	The service plan for individuals in the TxHmL program (and HCS enrollments) that describes the supports and services necessary to achieve the desired outcomes identified by the individual, or the LAR on behalf of the individual. This document identifies the program services to be provided to the individual, the number of units of each service to be provided, and the justification for each service.
<b>Place of Service or POS</b>	One of five code sets providers use in <b>C22: Service Delivery</b> to bill for services. POS codes are used to identify the physical location where services were provided.
<b>Prior Approval</b>	Approval for those adaptive aids (AA) and minor home modifications (MHM) that have not been purchased. Providers may obtain prior approval to determine how much DADS will pay for a particular AA or MHM. Providers submit the <i>AA/MHM Request for Prior Approval</i> form to DADS, Provider Services, Billing and Payment unit to request approval of an AA or MHM prior to its purchase. Submitted requests will be assigned a Prior Approval (PA) Tracking Number. Providers are responsible for accessing <b>C75: Prior Approval Inquiry</b> to look up the PA Tracking Number and status for a submitted request.
<b>Prior Authorization</b>	A general term used in the healthcare industry to describe a process in which providers are responsible for getting services authorized, usually before the services have been provided, but in some cases afterward. Both Prior Approval and Reimbursement Authorization are types of prior authorization.
<b>Procedure Code Modifier</b>	One of six code sets providers use in <b>C22: Service Delivery</b> to bill for services. A Procedure Code Modifier is a two-digit code that further defines the services described by a HCPCS, CPT <sup>®</sup> , or Dental procedure code. For TxHmL CDS Nursing Services Specialized – LVN and TxHmL CDS Nursing Services Specialized – RN, the code is a four-digit code (TG/UC) and must be entered in the order displayed. The system will reject any other combination. DADS uses modifiers to distinguish between services that are billed using the same HCPCS or CPT <sup>®</sup> code (e.g., SL and RSS, OT and PT).
<b>Procedure Code Qualifier</b>	One of five code sets providers use in <b>C22: Service Delivery</b> to bill for services. Procedure Code Qualifier <b>HC</b> indicates that HCPCS or CPT <sup>®</sup> procedure codes are being used to bill for services. Procedure Code Qualifier <b>AD</b> indicates that Dental procedure codes are being used to bill for services.

<b>Program</b>	A community services program administered by DADS.
<b>Program Unit</b>	A term used by DADS to describe one (1) unit of service as it appears on the IPC. Depending on the service type, one (1) unit may be equal to 1 hour, 1 day, or 1 month of service.
<b>Provider</b>	A service provider with whom the department contracts for the delivery of community-based mental retardation services in a specified local service area ( <i>contract area</i> ) of the state.
<b>Program Provider (PRGP)</b>	In the CDS option, this term refers to the individual's comprehensive program provider agency.
<b>Provisionally Certified HCS Provider</b>	A legal entity that has completed the application process to become an HCS program provider, including submission of required contract information and an HCS Self-Assessment, attendance at the Pre-Application Orientation and New Provider Orientation, and demonstration of an HCS Self-Assessment that is in 100% compliance with the HCS Principles. Provisional certification must be obtained prior to the legal entity contracting with DADS as an HCS program provider.
<b>Provisionally Certified TxHmL Provider</b>	A legal entity that has completed the application process to become a TxHmL program provider. Provisional certification must be obtained prior to the legal entity contracting with DADS as a TxHmL program provider.
<b>Qualifier</b>	See <i>Procedure Code Qualifier</i> .
<b>Registration</b>	Formal enrollment into the CARE system which establishes that an individual is registered to receive services. Registration is done by the MRA only.
<b>Reimbursement Authorization</b>	Authorization that providers request from DADS to bill for adaptive aids (AA), minor home modifications (MHM), or dental (DE) services that have already been purchased and which may or may not have gone through the Prior Approval process. When providers submit a <i>Minor Home Modification/Adaptive Aids/Dental Summary Sheet</i> (4116A) with receipts and any other needed information, they are requesting Reimbursement Authorization (i.e., authorization for payment). Once Reimbursement Authorization has been given an "approved" status in <b>C77: Reimbursement Authorization Inquiry</b> , providers may bill for the AA, MHM, or DE service using <b>C22: Service Delivery</b> . The Reimbursement Authorization (RA) Tracking Number obtained from <b>C77</b> should be used as the authorization number in <b>C22</b> . Providers are responsible for reviewing <b>C77</b> to obtain the RA Tracking Number and status for a submitted request.

<b>Service Coordinator</b>	An employee of a mental retardation authority who is responsible for assisting an applicant, individual, or LAR to access needed medical, social, educational, and other appropriate services, including DADS program services. A service coordinator provides case management services to an individual in the TxHmL program.
<b>Service County</b>	County in which an individual is receiving services.
<b>Service Delivery Option (SDO)</b>	The manner in which individuals choose to receive their program services. In HCS, an individual can choose to self-direct supported home living and for respite while having the remainder of their services provided by their program provider. An individual may also choose to have all of their services delivered by their program provider with the agency option. In TxHmL, an individual may choose to use CDS with ALL of their services. An individual may also choose to have a program provider agency provide all of their services, or may choose to self-direct some services while having a program provider deliver others.
<b>Service Plan</b>	A document developed in accordance with rules governing an individual's program that identifies the program services to be provided to the individual, the number of units of each service to be provided, and the justification for each service.
<b>Service Planning Team</b>	A group of people convened to plan services and supports with an individual receiving services, determined based on the requirements of an individual's program. Some DADS programs refer to the service planning team as an interdisciplinary team.
<b>Service Provider</b>	An employee, contractor, or vendor.
<b>Service Type (for Waiting List entry)</b>	Code for the type of service the individual is waiting to receive.
<b>Slot Tracking Number</b>	When an individual is enrolled in the waiver program, a Slot Tracking Number is assigned to the individual if the slot is classified as new allocation. When an individual is permanently discharged from the waiver program, the status of the Slot Tracking Number is automatically changed to unavailable. When a slot is released for use, the slot is assigned to a particular slot type and the status is changed to available. When an MRA enters the L01 screen and the individual has an assigned Slot Tracking Number, the slot type is omitted and the Slot Tracking Number is entered.
<b>Slot Type</b>	The slot type is determined by the specific funding allocation from the Texas Legislature.
